Smarter Energy-Efficient Buildings

People

Our thermal insulation solutions allow the reduction of cooling and heating setup cost by 30-40% and running cost by 25-30% Since 2008, GlassRock has been manufacturing high performance, efficient and sustainable insulation solutions for thermal, acoustic and fire applications engineered by our trained local teams from both rockwool and glasswool for construction, industrial, agriculture, transportation and other OEM sectors.

Planet

GlassRock thermal insulation solutions can save up to 40% of the cooling and heating load and minimize their global carbon dioxide footprint using recycled materials

Profit

An annual capacity of 50,000 tons of high-performance insulation materials enabled local sourcing to national mega-projects. It also allowed exporting products made in Egypt to over 30 countries
